Reinforcing the region’s digital transformation building blocks, “GITEX YouthX” contributes to the cultivation of young tech talents with a creative programme aimed at bringing them closer to the practitioner ecosystem annually.

Open innovation challenge for high school students to hone new ideas and talent in AI, programming, design thinking and entrepreneurship.

Engaging UAE high school students with the global tech ecosystem through curated visits, inspirational talks and big tech engagement.
REGION’S ONLY DEVELOPER EVENT

In line with the recent launch of the UAE’s first national program for coders, GITEX presents DevSlam, the largest of its kind in the Arab world, to empower young developers and enable the region’s transformation goals.

17 - 20 OCT

SHEIKH MAKTOUM HALL

DATA SCIENCE COURSE

A rare learning opportunity from an instructor at one of the world’s top universities, this two days workshop will help you understand how data science can be applied in your organization, and enable you to drive adoption and implementation of AI.

19 OCT, MAKTOUT HALL

DATA ANALYTICS WITH PYTHON

In this workshop, you will discover the basics of programming with Python and will be quickly immersed in the daily life of a Data Analyst through concrete business cases using datasets from the real world.

19 OCT, MAKTOUT HALL

CERTIFIED WORKSHOPS

Power up your technical skills to advance your career.

Certified AI Practitioner (CAIP) by EMT-CERT NEXUS

CyberSec First Responder (CFR) by EMT-CERT NEXUS

Data Science Course by Stanford University’s Tech Faculty
As the cornerstone of the overall Ai Everything content programme, the focused Ai Everything workshops provide a unique opportunity to gain insight from some of the world’s leading AI thinkers.

**AI Workshops**

- **Controlling Machines with Your Mind: Replacing Hardware Silently**
  - Kareem Ayyad
  - CEO, Cerebian Canada

- **Scalable AI: Transforming Nestle to be an Unbiased Cognitive Company by 2025**
  - Carolina Pinart
  - Global Product Director for New Generation Technologies, Nestle (Spain)

- **Social Science in a 3D Workshop: Ethics of Data, Algorithms and Usage**
  - Ana Chubindze
  - Social Scientist & Founder, AI Governance International (Germany)

- **Dubai’s 3D Printing Strategy: Is AI the Key?**
  - Dominic Wright
  - Co Founder, Generation 3D (UAE)

- **The Internet of Toys: How Can Parents and Schools Avoid Being blindsided to Side-Effects of an Exponential Digital Generation?**
